ABOUT US

Established in 1982 by a veterinarian, **Éditions Michel Quintin** initially focused on publishing popular science books about animals, nature, and the environment.

Thanks to the dedication of a savvy, dynamic team with an eye for daring, original ideas, the publishing house list later grew to include all genres of novels, picture books and comic books in addition to educational and reference guides.

Today, it's one of the leading contributors to young adult literature and ranks as the 4th largest publisher of franco-phone comic books and graphic novels in Canada.

These efforts to publish an increasing variety of quality books have resulted in prestigious awards and a loyal following of young and adult readers. Around fifty new titles are added to the in-house catalogue every year, which now consists of **1,000 publications**, with an additional 300 digital books, several bestsellers and international editions.

Trois mots, deux fautes. J'espère qu'il se force davantage dans ses compositions écrites. Je m'arme de courage et vais sur Facebook pour pouvoir lui répondre.

Rose Turner : Pas encore. Je suis nouvelle dans le coin. On demeure à l'Auberge Boisjoli, moi et mes parents, en attendant de trouver une maison convenable.

Je relis mon message et le trouve froid. J'ajoute un bonhomme sourire.

THE TRIPLE LIFE OF CHARLIE

Carine Paquin

My name is Charlie Paradis-Mendez and I love playing the drums. I say play, but for me, it's much more than a game: it's my passion. My dream has always been to play in a band. This summer, when I decided to move to the Magdalen Islands with my father, I was not expecting an opportunity to finally present itself.

As soon as I got there, I learned that The Rogues, a band from a neighbouring village, was looking for a new drummer. But there is just a small catch. The group only accepts boys for an audition. Sexist much?

Whatever! I'm going to pose as one of the boys during the tryout. Only after they see what I'm capable of and accept me into the band will I tell them the truth.

His career as an illustrator hit its stride at the humour magazine *Safarir*, earning him widespread acclaim in Quebec, the United States and Australia.
