ABOUT US

Established in 1982 by a veterinarian, **Éditions Michel Quintin** initially focused on publishing popular science books about animals, nature, and the environment.

Thanks to the dedication of a savvy, dynamic team with an eye for daring, original ideas, the publishing house list later grew to include all genres of novels, picture books and comic books in addition to educational and reference guides.

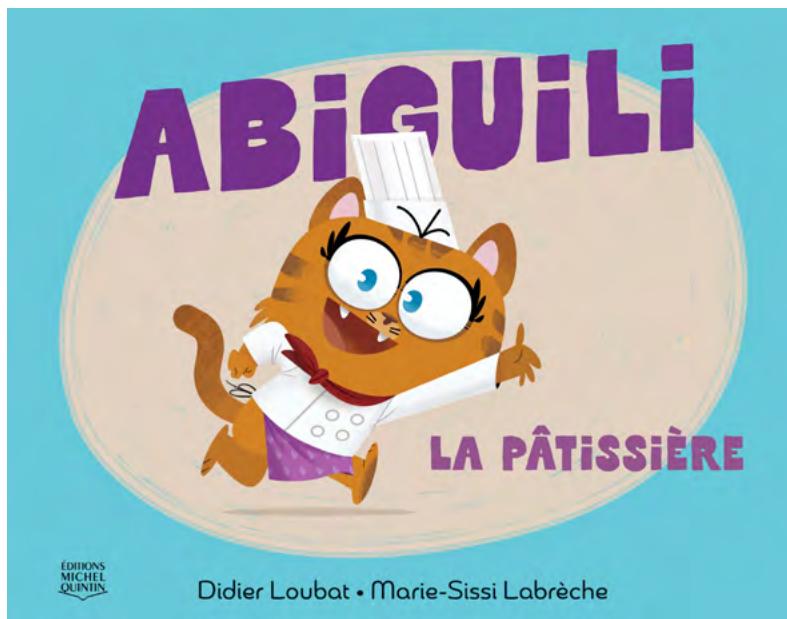

Today, it's one of the leading contributors to young adult literature and ranks as the 4th largest publisher of franco-phone comic books and graphic novels in Canada.

These efforts to publish an increasing variety of quality books have resulted in prestigious awards and a loyal following of young and adult readers. Around fifty new titles are added to the in-house catalogue every year, which now consists of **1,000 publications**, with an additional 300 digital books, several bestsellers and international editions.

Éditions Michel Quintin acknowledges the support of the Government of Canada, the Government of Québec, the Canada Council for the Arts and the Sodec.

THE ZODIAC KEEPERS

Carine Paquin

Aube has always felt that another life awaits her elsewhere, in a world that is nothing like her own. That is why, when mysterious travelers show up at her family's inn looking for a man and a key, her initial fear quickly turns into curiosity. Could it be her carelessness and recklessness that push her to follow these strangers beyond the known boundaries of humans, or is she simply following the path of her destiny that is trying to bring her back to her people?

1 – The Travelers

«Sous le ciel étoilé d'une nuit d'hiver dépourvue de son tapis neigeux, l'aube du nouveau-né s'ancre avec une solennité presque mystique. L'électricité a-t-elle fui devant l'improbable arrivée de ce nourrisson, ou est-ce plutôt un signe que l'enfant nous envoie pour nous prévenir de sa venue? Déchirée par les spasmes foudroyants enserrant son être, Angélique déploie sa force comme si les entrailles de la terre elle-même se soulevaient.

Les gémissements, échos d'une souffrance millénaire d'exil et de pénitence, s'élèvent dans l'air chargé de tension. Chaque contraction, tel un rappel des lois de la nature indigne, étirent l'âme d'une femme.

Dans cette danse macabre entre l'agonie et l'espoir, Angélique traverse les cercles infernaux de la douleur, sculptant avec son corps meurtri le chemin chaotique vers la délivrance, révélant la véritable essence du déséquilibre.

...

C'est ainsi qu'Aube-Rose s'éveille au monde, portant en son être la promesse de lendemains plus harmonieux, laissant dans le présent une empreinte ineffaçable de la beauté fragile de la vie. Quai-je faire? Oh! Espoir que l'équilibre lui soit accordé ici et là-bas.»

Plus loin, mon père raconte mes premiers jours de vie. S'ensuit un rapport plus scientifique de faits entourant mon état et mon développement jour après jour. Tous les détails techniques qu'il note page après page me poussent à me le demander: n'étais-je qu'une expérience? Un frisson me traverse la colonne vertébrale quand il me vient l'idée de n'avoir peut-être été qu'un rat de laboratoire soumis à des tests pour nourrir la science et la curiosité d'un homme qui voulait tester le métissage entre humain et Zodiaque. Je tente de me raisonner. Ce ne peut pas être le cas, les amis de mon père ne m'auraient pas pris sous leurs ailes si je n'étais qu'une expérimentation macabre. Je dois persister à en apprendre

Je les ai vus ensemble au casse-croûte où je travaille Coralie Ruel est tellement bête!!!

jeferme
Je ferme l'application et me rends sur Messenger dans l'espérance d'y trouver un message de Greg, mais j'ai aucune nouvelle notification. Mon cœur se serre fort alors que je constate que d'un côté, l'Internet en entier s'intéresse à moi, mais dans ma propre boîte de réception, on croirait entendre une balle de foin tournoyer au vent, comme dans les mauvais westerns. Je tape le nom de Florence dans la barre de recherche et commence une message.

Salut Flo, si tu vois Greg bientôt, pourrais-tu lui dire que tout ça, ce n'est pas ce qu'il croit? La photo est une illusion (nos lèvres se sont accrochées accidentellement alors que Miguel voulait embrasser ma joue) et la vidéo est tirée d'une scène qui apparaîtra dans la prochaine saison. Dis à Greg de m'appeler, s'il te plaît, je capote un peu...!

J'hésite à envoyer mon message. Est-ce que me défendre comme ça me donne l'air encore plus coupable? Peut-être, mais Florence est vraiment cool. Et c'est l'une des meilleures amies de Greg, donc c'est sûr qu'il va lui parler de tout ça, si c'est pas déjà fait. J'appuie sur «Envoyer».

Presque au même moment, la photo de Roxanne surgit dans le haut de mon écran, accompagnée d'un petit point vert. Elle est en ligne et, à moins qu'elle passe sa soirée sous une roche, elle a clairement vu la nouvelle, elle aussi. Comme toutes mes anciennes amies, d'ailleurs.

SMASH

Alexandra Laroche

Fame has a price. Coralie knows this because, at 16, she is already a TV star. On-screen, she plays the role of a confident volleyball player, but her real life is very different: Coralie feels like an alien at school and she has almost no time for Greg, her boyfriend. Greg learns that Coralie will have to kiss her handsome colleague Miguel for the cameras. Not easy, being a normal guy when your girlfriend has such an abnormal life!
